

Green Roof/Rooftop Runoff Management BMP Maintenance Plan

A maintenance record will be kept on this BMP in a log in a known set location. Any deficient BMP elements noted in the inspection will be corrected, repaired or replaced immediately. These deficiencies can affect the integrity of structures, safety of the public, and the removal efficiency of the BMP.

Important operation and maintenance procedures:

- The plants will be watered during extended periods of dry weather.
- Fertilize only once per year as long as the rooftop runoff system is not intended for nutrient removal.

Maintenance activities shall be performed as follows. Any problems that are found shall be repaired immediately.

Greenroof/Roof Runoff Management Maintenance Tasks and Schedule	
Task	Schedule
Remove debris and trash	Monthly
Weed trees and invasive species	Monthly
Remove debris and litter from the rooftop drainage system	Monthly
Irrigate and fertilize	As necessary
Replace dying/diseased plants	As necessary
