

SPRING ATHLETICS UPDATE

The Hope Mills Parks & Recreation Department, in consideration of Governor Coopers' Phase 2 recommendations, has made the decision to cancel the spring 2020 athletic season. While we are thankful that North Carolina is able to move into Phase 2, the limitations for gatherings pose too many challenges to overcome in our hope to have held a condensed season. As recreation professionals, we look forward to ways in which we are challenged creatively; in this case, coming up with ways to allow game play. However, the health & safety of our youth, community & state are top priority.

At this time, the process for mailing refund checks will begin for baseball, softball & indoor soccer registration fees. We request your patience as this is a large undertaking & may take up to 4 weeks to complete.

Fall Sports registration will begin June 1st! Registrations can be done online via Civic Rec, which may be accessed through our Facebook page or townofhopemills.com/177/Parks-Recreation. New this fall is the addition of Youth Volleyball for ages 9-17. Other sports included are Baseball, Football, Cheerleading and Outdoor Soccer. Create your account online today for all future athletic, program and event registrations.

Thank you,

HMPR
